Finishing

1. Sew the head onto the body, centered on the neck end.
2. Sew the muzzle to the lower middle of the face, adding a little stuffing as you close.
3. Embroider a small black nose on the muzzle, then embroider (or attach) the eyes about 4 st apart, just above the muzzle.
4. Sew the ears to the top of the head, 4 to 5 st apart.
5. Sew the arms to the sides of the body just below the neck.
6. Sew the legs to the bottom front of the body so the fox sits up.
7. Sew the tail to the back of the body, low, and weave in all the ends.

Tips

- Crochet with a hook one size smaller than the yarn label suggests so the stuffing does not show through.
- Count your stitches at the end of every round. The number in parentheses is what you should have.
- Pin every piece in place before you sew it on and check that the fox sits well.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
