

Moving to a New City

Living abroad

Name: _____

Date: _____

Read the text and use the clues to guess each word.

Moving to a New City

When Omar moved to Toronto, everything felt unfamiliar. The streets were wide, the winters were freezing and he missed his family terribly. At first he felt isolated, spending evenings alone in his tiny flat. Then he joined a local football club and met friendly people who invited him to dinner. Slowly he began to feel at home. Now he says that the move was challenging, but it changed his life for the better.
