

Build a Bird Feeder

Birds and nature

Name: _____

Date: _____

Follow the steps and make a bird feeder.

Materials

You need: a clean plastic bottle, two wooden spoons, string, scissors (an adult can help), and bird seed.

- 1 Ask an adult to cut two small holes near the bottom of the bottle.
- 2 Push a wooden spoon through each hole so it makes a cross.
- 3 Fill the bottle with bird seed.
- 4 Tie the string around the neck of the bottle.
- 5 Hang the feeder in a tree and watch the birds.

bottle

spoon

string

tree

seed

- 1 Birds eat the _____.
- 2 We hang the feeder with a _____.
