

Disability-Friendly: What Can People Do?

Ability and equality

Name: _____

Date: _____

Read the text and complete the exercises.

Different Ways to Do Things

Some people cannot see, but they can read with their fingers using braille. Some people cannot hear, but they can talk with their hands using sign language. A person in a wheelchair can't climb stairs, but with a ramp they can enter a building easily. With the right tools, everyone can take part.

- 1 Braille is read with the fingers. T / F
- 2 Sign language uses the hands. T / F
- 3 A ramp helps people climb stairs. T / F
- 1 What can help a person in a wheelchair enter a building?
