Read the text and infer the meaning of each highlighted idea from context.

The Marathon

By the thirtieth kilometre, Irene's legs were leaden and her resolve was wavering. The crowd's raucous cheers barely registered as she battled the temptation to stop. Yet she remembered the gruelling months of training, the dawn runs in sleet, and something inside her rekindled. She gritted her teeth and pressed on. When she finally crossed the finish line, she collapsed, utterly spent but elated, tears streaming down her face.
