[illegible]

How to use

Fill in one tracker per class and per term. Update a skill whenever you see clear evidence in class (a task, a quiz, a speaking turn). Scan down a column to spot skills the whole class needs to revisit.

Student Profiles

Keep one page per learner with the facts you need to teach them well.

Name:	Class / Level:
Age:	Start date:

AREA	NOTES
Strengths	
Areas to improve	
Interests and hobbies	
Learning preferences visual, audio, movement, group, solo	
Participation in class	
Support needed	
Current goal	

DATE	OBSERVATION	NEXT ACTION

How to use

Complete the top sections in the first two weeks, then add a dated observation each time you notice something worth remembering. Copy the page for each student and keep them in one folder.

Speaking Rubric

Score a speaking task on four criteria and four clear levels.

Student: _____ Date: _____ Task: _____

CRITERION	4 · EXCELLENT	3 · PROFICIENT	2 · DEVELOPING	1 · BEGINNING	SCORE
Fluency	Speaks smoothly with only natural pauses.	Mostly smooth; a few pauses to find words.	Frequent pauses; speech is often broken.	Single words or very long silences.	
Pronunciation	Clear sounds and stress; always easy to understand.	Some errors, but meaning is clear.	Errors often make listening hard.	Mostly unintelligible to the listener.	
Vocabulary	Uses a wide range of topic words accurately.	Uses adequate topic words with small gaps.	Uses basic words; repeats often.	Very few words; needs constant help.	
Interaction	Responds, asks questions and keeps the talk going.	Responds well; sometimes needs a prompt.	Answers only when asked, with short replies.	Rarely responds, even with support.

Comment / next step:

How to use

Listen to a 1–2 minute task and circle the descriptor that fits best in each row. Add the four scores for a total. Share the circled rubric with the student so they see exactly what to work on.

Writing Rubric

Assess a piece of writing on four criteria and four clear levels.

Student: _____ Date: _____ Text type: _____

CRITERION	4 · EXCELLENT	3 · PROFICIENT	2 · DEVELOPING	1 · BEGINNING	SCORE
Content and ideas	All ideas are relevant, developed and include details.	Ideas are relevant with some detail.	Few ideas; some are off topic or unclear.	Very little content; the task is not met.	
Organization	Clear beginning, middle and end; linking words used well.	Logical order; basic linking words.	Order is sometimes confusing; few links.	No clear order; ideas are isolated.	
Language	Accurate grammar and varied vocabulary.	Mostly accurate; some errors do not block meaning.	Frequent errors; meaning is sometimes unclear.	Errors in almost every sentence.	
Mechanics	Spelling, capitals and punctuation almost always correct.	A few errors in spelling or punctuation.	Many errors, but the text can be read.	Errors make the text very hard to read.

Grow (next step):

How to use

Read the text once for meaning, then mark each row. Write one thing that worked and one next step. Hand the rubric back with the text so students can compare their own work to the descriptors.

Reading Rubric

Assess reading comprehension and strategies on four levels.

Student: _____ Date: _____ Text: _____

CRITERION	4 · EXCELLENT	3 · PROFICIENT	2 · DEVELOPING	1 · BEGINNING	SCORE
Main idea	States the main idea and links it to details.	States the main idea correctly.	Gives a partly correct idea or only a detail.	Cannot identify the main idea.	
Detail retrieval	Finds all requested details quickly.	Finds most details.	Finds some details with prompting.	Finds few or none, even with help.	
Inference	Explains what the text suggests, with evidence.	Makes a sensible inference with some evidence.	Needs guiding questions to infer.	Only repeats the words of the text.	
Vocabulary strategies	Uses context, word parts or a dictionary independently.	Uses one strategy with success.	Uses a strategy only when reminded.	Stops at unknown words.

Next step:

How to use

After a reading task, ask three or four oral or written questions that match the rows. Circle the descriptor that fits and total the scores. Repeat every few weeks with a new text to see growth.

Grammar Rubric

Check grammar knowledge and use in four levels.

Student: _____ Date: _____ Target structure: _____

CRITERION	4 · EXCELLENT	3 · PROFICIENT	2 · DEVELOPING	1 · BEGINNING	SCORE
Form	Builds the structure correctly every time.	Correct in most cases; occasional slips.	Correct only in simple, practised sentences.	Rarely builds the structure correctly.	
Use in speech	Uses it naturally in free speaking.	Uses it in speaking with some self-correction.	Uses it only in controlled practice.	Does not use it when speaking.	
Use in writing	Uses it accurately in a paragraph.	Uses it with a few errors in a paragraph.	Uses it correctly in single sentences.	Cannot write it without a model.	
Self-correction	Notifies and fixes own errors.	Fixes errors after a hint.	Fixes errors after the teacher points to them.	Does not recognise errors.

How to use

Write the structure you are assessing (for example past simple) at the top. Use a short speaking turn and a short written task, then score each row. Copy errors into the table to plan your next mini-lesson.

Self-Assessment

Let students judge their own learning with simple "I can" statements.

Name: _____ Unit / Topic: _____ Date: _____

I CAN...	NOT YET	ALMOST	YES!
I can understand the main idea when I listen.			
I can speak about the topic for one minute.			
I can read a short text and answer questions.			
I can write a paragraph about the topic.			
I can use the new grammar correctly.			
I can use the new words without help.			
I can find and fix my own mistakes.			

The thing I did best:

The thing I want to practise more:

How I feel about this unit:

circle one

How to use

Hand it out at the end of each unit and give students five minutes to tick honestly. Read the "Not yet" column first: it tells you what to reteach. Compare student ratings with your own scores in the trackers.

Goal Setting

Turn a weakness into a small goal with a clear plan and a check-in date.

Name: _____ Month / Term: _____

STEP	MY ANSWER
1. My goal "I want to..." (one skill, one target)	
2. Why it matters to me	
3. What I will do actions I can repeat each week	
4. Help I need	
5. How I will know I did it	
6. Check-in date	

WEEK 1	WEEK 2	WEEK 3	WEEK 4

At the check-in

- ☐ I did the actions I planned.
- ☐ I can show evidence (a text, a recording, a quiz).
- ☐ My next goal is written on a new sheet.

How to use

Meet briefly with each student and help them choose one small goal. Keep the sheet in their folder. At the check-in date, tick the list together and celebrate progress before setting a new goal.

Progress Certificates

Two ready-to-print certificates to celebrate real improvement.

TEACHER'S TREASURE

Certificate of Progress

Awarded to

for outstanding progress in

Date: _____ Teacher: _____

TEACHER'S TREASURE

Star Achievement Award

This award is proudly given to

because they

Date: _____ Teacher: _____

How to use

Print on thick paper or coloured card, then fill in the name, skill, date and your signature by hand. Be specific about what improved (for example "using past tense in writing"). Award them for effort and growth, not only top scores.

Walk around during a task with this sheet on a clipboard and jot a glow and a grow for each student. Give the feedback orally on the spot, then tick "Done". Use the Skill column to spot patterns across the class.

Mini Progress Report

A one-page summary of a student's term to share with families.

Student:	Class / Level:
Term / Period:	Teacher:

How to use

Copy the scores from your tracker and rubrics, then add two or three personal sentences. Start with a real strength. Keep the language simple and positive so families can understand it easily.

Next step

Choose one class and print the Progress Tracker and the four rubrics this week. Score one speaking and one writing task, then use the Goal Setting sheet with two students who need the most support. At the end of the term, share a Mini Progress Report and hand out your first certificates.
