BONUS 3 OF 5

The 30-Day Calendar

Your program mapped out, day by day

How to use the 30-day calendar

> *One class per day, with rest days built in. Teach it, take it yourself, or use it as a client program. Each day shows a main class and an alternative for when you do not have the equipment.*

1. Open the class by its number in Volumes 4 to 6 of the library.
2. If you have no studio equipment, use the alternative class (mat, wall or props).
3. Tick off each day on the last page.
4. On day 30, repeat your favorite class and compare how it feels.

Listen to the body

Skip or modify any class that causes pain. Clients who are pregnant or recovering from an injury should follow the adaptations on the exercise sheets and their healthcare provider.

Week 1

1	**Class 1 · Mat: Foundations & Breath** (Beginner, Mat) Learn the breath and neutral spine. No equipment? Class 12 · Wall Pilates to Begin
