INTRODUCTION

What Is Kindness?

Small acts that make a big difference

> *Kindness is one of the most powerful things in the world, and the best part is that anyone can do it — including you!*

Kindness means caring about other people and showing it through what you say and do. It can be as simple as smiling at someone, sharing your crayons, or saying "thank you." Every kind act, no matter how small, can make someone's day brighter.

Here are some examples of kindness that kids just like you do every day:

- Holding the door open for the person behind you
- Helping a friend who dropped their books
- Saying something nice to someone who looks sad
- Sharing your snack at lunch
- Writing a thank-you note for someone who helped you
- Including someone new in your game at recess
- Giving a compliment to a classmate

When you are kind, something magical happens: kindness spreads! The person you are kind to feels happy, and they want to be kind to someone else too. Before you know it, one small act of kindness can brighten the whole day for lots of people.

In this book, you will explore ten important kindness themes through coloring, writing, and fun activities. Each page has a beautiful picture to color, an inspiring quote, and a special writing prompt to help you think about how **you** can spread kindness every single day.

Are you ready to become a Kindness Champion? Let's go!

Activity 1: Sharing

> **“Sharing is caring — when you give a little, you get a lot of love back.”**

Color This: The Sharing Heart

Color the big heart and all the little hearts around it. Use your favorite colors to fill them in!
