How to Use Your Reading Journal

Everything you need to become a super reader

> *Welcome to your very own Reading Journal! This is a special place where you can keep track of every book you read, write about your favorite stories, and discover new adventures waiting on the shelves.*

Getting Started

Here is how to make the most of your journal:

1. **Set your reading goals.** Turn to the next page and write down how many books you want to read this month. Start with a number that feels fun, not stressful!
2. **Fill in a Book Review page** every time you finish a book. Write the title, the author, what the book was about, and your favorite part. Color in the stars to show how much you liked it.
3. **Draw your favorite scene.** Each review page has a space for you to sketch the moment you loved most. It does not have to be perfect — just have fun!
4. **Take on the Reading Challenge.** Try to read books from 20 different genres. Check them off as you go and see how many you can finish!
5. **Track your reading days.** Use the Reading Log calendar to color in every day you read. Can you make a full month?
6. **Collect new words.** Found a cool word? Write it in the Vocabulary Builder with its meaning and a sentence you made up.

> **Tip for Parents**
>
> Reading together for just 15 minutes a day makes a huge difference. Let your child fill in this journal on their own — it builds ownership of the reading habit and makes them proud of every book they finish.
