# How to use this workbook

40 printable pages for the guitar theory you learn in The Fretboard Revealed.

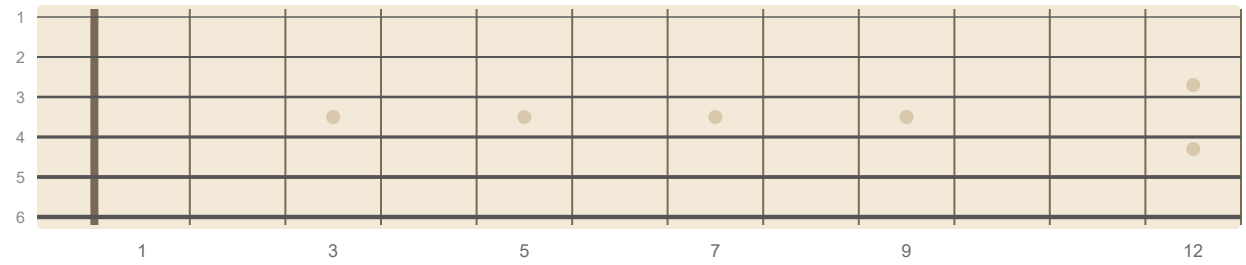

- **Blank fretboards:** fill in notes, scales, chords or CAGED shapes. Print extra copies.
- **Progression grids:** write chord progressions bar by bar, with the Roman numerals and the chords in your key.
- **Song sheets:** work out a song: key, chords, structure, melody notes as scale degrees.
- **Practice trackers:** 16 weeks of daily tracking (5 days a week, 10 minutes a day).
- **Chord notebook, review pages and notes:** keep everything in one place.

**A simple routine**
1) Warm up with one blank fretboard: fill in all the notes of one string (2 min). 2) Do the exercise of the day from the book or from 180 Exercises (5 min). 3) Tick the day on your tracker (1 min).
