

Baby Crochet

Baby Beanie

HOOK
4.0 mm (G-6)

LEVEL
Beginner

TIME
1-2 hrs

YARN
Worsted weight (#4) soft acrylic
or cotton

One size, about 13.5 in (34 cm) around, stretching to fit heads of about 13-15 in (33-38 cm), roughly newborn to 3 months. About 5.5 in (14 cm) tall (approx.)

Materials

- Worsted weight soft acrylic or cotton yarn, about 60 yd (54 m)
- 4.0 mm (G-6) crochet hook
- Yarn needle
- Stitch marker
- Scissors

Stitch guide (US terms)

sc = single crochet

inc = increase (2 sc in the same stitch)

MR = magic ring

st = stitch(es)

x = times (repeat what is in the parentheses)

FLO = front loop only

Pattern

Beanie (one piece)

Worked in a spiral without joining, from the top down. Mark the first stitch of each round.

Rnd 1	6 sc in MR	(6)
Rnd 2	inc in each st around	(12)
Rnd 3	(sc, inc) x 6	(18)
Rnd 4	(sc in next 2 st, inc) x 6	(24)
Rnd 5	(sc in next 3 st, inc) x 6	(30)
Rnd 6	(sc in next 4 st, inc) x 6	(36)
Rnd 7	(sc in next 5 st, inc) x 6	(42)
Rnd 8	(sc in next 6 st, inc) x 6	(48)
Rnds 9-20	sc in each st around	(48)
Rnd 21	sc in the front loop only (FLO) in each st around (48). This makes a small ridge for the brim	(48)
Rnds 22-23	sc in each st around	(48)
Finish	Sl st in the next st. Fasten off and weave in the end.	

Finishing

1. Weave in the ends on the inside.
2. Optional: fold the brim up once for a snugger fit around the ears.
3. Do not add a pompom, buttons or any sewn-on pieces: they can come off a baby hat.

Tips

- To fit a bigger head, add one more increase round (54 stitches, then work the plain rounds). Each extra increase round adds about 1.7 in (4.3 cm) around.
- Measure around the baby's head first. The beanie should be about 1 in (2.5 cm) smaller than the head measurement.
- For a taller beanie, add plain rounds before the brim. Every 4 rounds add about 1 in (2.5 cm).

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
