Pattern

Bib body

Worked flat in rows. Cotton yarn absorbs best.

Row 1	ch 31, sc in 2nd ch from hook and in each ch across	(30)
Rows 2-22	ch 1, turn, sc in each st across	(30)

Left strap

Worked on the first 9 stitches only, for 10 rows.

Row 23 ch 1, turn, sc in the first 9 st. Leave the remaining 21 st unworked (9)

Rows 24-32 ch 1, turn, sc in each st across. Fasten off after Row 32 (9)

Right strap

The center 12 stitches stay unworked: this is the neck opening.

Row 23 Look at the top of Row 22. Skip the 12 center st next to the strap you just made, then join yarn with a sl st in the next st. Ch 1, sc in the same st and in each of the next 8 st (9)

Rows 24-32 ch 1, turn, sc in each st across. Fasten off after Row 32 (9)

Edging and ties

Right side facing you, worked around the whole bib.

Tie 1 Join yarn with a sl st in the top outer corner of the left strap. Ch 25, sc in the 2nd ch from hook and in each of the next 23 ch. This is the first tie (24)

Neck edge Sc across the top of the left strap, down its inner side (1 sc in each row end), across the 12 center st of the neck (1 sc in each inside corner), up the inner side of the right strap and across its top. About 50 sc

Tie 2 In the top outer corner of the right strap, ch 25, sc in the 2nd ch from hook and in each of the next 23 ch. This is the second tie (24)

Sides and bottom Sc evenly down the right side (1 sc in each row end), 3 sc in the bottom corner, sc in each of the 30 st across the bottom, 3 sc in the next corner, then sc evenly up the left side to the first tie. About 98 sc. Join with a sl st, fasten off and weave in the ends

Finishing

1. Weave in all the ends.
2. Wash and dry the bib once before first use to soften it.
3. Tie the two ties in a small bow at the back of the neck, not too tight. Take the bib off when the meal is over.
4. Do not use buttons or snaps. Keep the ties no longer than the 7 in given here.

Tips

- Use cotton, not acrylic: cotton soaks up drool and spills and washes better.
- For a deeper bib, work more plain rows before the straps. Every 4 rows add about 1 in (2.5 cm).
- Keep your stitches snug. Loose stitches leave gaps that can catch little fingers.
