Finishing

1. Weave in every yarn end well, at least 3 in (7.5 cm) back through the stitches.
2. Wash the blanket gently and lay it flat to dry. Block the corners square with your hands while it is damp.
3. Keep the blanket plain: no buttons, ribbons, bows or tags sewn on.
4. For safety, do not leave a blanket in the crib with a baby under 12 months. Use it for stroller rides, tummy time and play with a grown-up nearby.

Tips

- Count your groups on each side every 3 or 4 rounds. Round N has N groups of 3 dc along each side, corners included.
- Change colors at a corner: fasten off, and weave in the ends as you go so you do not face a pile of ends at the end.
- Want it bigger? Keep going. Each extra round adds about 1.2 in (3 cm) to the width and height, and takes about 45 more yards at round 25.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
