Finishing

1. Hold the bat with the magic ring end on top. Sew the two ears to the top of the body, on Rnds 1-3 near the magic ring, 4 st apart at the front.

2. Sew the short side edge of each wing (7 rows long) to the side of the body over Rnds 4-10, one wing on each side, with the scalloped edge at the bottom.
3. Embroider the eyes on Rnd 6, 5 st apart, as small yellow ovals 2 st wide and 2 rounds tall.
4. Embroider two tiny white fangs under the eyes on Rnd 8, about 2 st apart, as one short vertical stitch each.
5. Weave in all the ends.

Tips

- To make each scallop even, insert the hook in the same stitch for all 5 dc.
- Wings curl a little. Press them flat with a damp cloth before you sew them on.
- Make a row of bats and hang them with a loop of thread on the wall or on a garland. Keep them away from babies.
