Finishing

1. Stuff the muzzle lightly and sew it to the lower middle of the face.
2. Embroider a small pink triangle nose on top of the muzzle, then a short line down and a small curved mouth.

3. Embroider the eyes with dark yarn, about 6 st apart, just above the muzzle. (Optional safety eyes go in before you sew on the muzzle, and are not for toys for children under 3.)
4. Embroider three straight whisker stitches on each side of the muzzle, and three short vertical stripes on the forehead.
5. Sew the ears to the top of the head, about 7 st apart, with the flat edge down and the points up.
6. Stuff the body firmly and sew its open end to the bottom of the head.
7. Sew the open ends of the front legs to the bottom front of the body, side by side, so the kitty sits up.
8. Sew the tail to the back, low down, curling it to one side. Weave in all the ends.

Tips

- For a tabby look, embroider two or three stripes across the tail as well.
- Sew the head on last if you like, so you can check that the chubby body sits flat on a table.
- Use a hook one size smaller than the yarn label suggests so the stuffing does not show through.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
