Pattern

Dishcloth

Worked flat in rows. Working in the back loop only makes small ridges that scrub well.

Row 1	ch 27, sc in 2nd ch from hook and in each ch across	(26)
Rows 2-30	Ch 1, turn, sc in the back loop only of each st across	(26)

Border

Do not turn after Row 30. The corners are the first and last st of Row 30 and of the foundation ch.

Rnd 1 Ch 1. 3 sc in the last st of Row 30 (corner). Sc evenly in the row ends down the side (28 sc). 3 sc in the foundation ch where Row 1 began (corner). Sc in each of the next 24 foundation ch. 3 sc in the last foundation ch (corner). Sc in the row ends up the other side (28 sc). 3 sc in the first st of Row 30 (corner). Sc in each of the next 24 st across the top. Join with a sl st to the first sc **(116)**

Rnd 2 Ch 1, sc in each st around, working 3 sc in the middle st of each 3-sc corner. Join with a sl st to the first sc. Fasten off and weave in the ends **(124)**

Finishing

1. Weave in the ends.
2. Wash the dishcloth once in warm water before you use it. This softens the cotton and sets the size.

Tips

- Use 100% cotton yarn: acrylic does not absorb water and is not good for dishes.
- For a bigger cloth, add 4 st and 4 rows for every extra inch you want, and keep the border the same.
- Make a stack of 3 in different colors for a gift set.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
