Drawstring cord

Cord	Ch 111. Sc in the 2nd ch from hook and in each ch across (110 sc). Fasten off and weave in the ends.	(110)
-------------	--	--------------

Finishing

1. Weave in all the ends.
2. Thread the cord through the eyelets, going in one hole and out the next, all the way around, starting and ending at the front.
3. Tie a knot in each end of the cord, or add a small tassel.

Tips

- It makes a great gift bag, jewelry pouch or makeup bag. Make one for every gift.
- For a taller pouch, work more plain rounds before the eyelet round.
- Keep the cord loose in the eyelets so the pouch gathers smoothly.
