Stitch guide (US terms)

ch = chain

sc = single crochet

st = stitch(es)

Pattern

Fabric strip

Worked flat in rows with sc. The stitches run along the length.

Row 1	ch 71, sc in the 2nd ch from hook and in each ch across (70)	(70)
Rows 2-16	ch 1, turn, sc in each st across (70). Repeat this row 15 times. Fasten off, leaving a tail about 30 in (76 cm) long for sewing	(70)

Finishing

1. Fold the strip in half along its length with the right sides together, so the two 70 st edges meet. Sew them together with a whipstitch to make a tube.

2. Turn the tube right side out.
3. Pin the safety pin to one end of the elastic and thread the elastic through the tube.
4. Overlap the elastic ends by 1 in (2.5 cm) so the loop measures about 7 in (18 cm), and sew them together with several passes.
5. Fold the raw ends of the tube 1/2 in (1.3 cm) to the inside and sew them together with small stitches so the seam is hidden.
6. Weave in all the ends.

Tips

- Sew the tube seam close to the edge so it does not show once the scrunchie is gathered.
- For a fluffier scrunchie, make the strip 3 in (7.5 cm) longer (10 stitches) and keep the elastic the same length.
- Use a soft, smooth yarn so the scrunchie glides over your hair.
