Finishing

1. Sew the flat top edge of each ear to the upper sides of the head, about 5 st apart, and let the ears flop down.
2. Embroider the eyes with black yarn, about 6 st apart, at the middle of the face. (Optional safety eyes go in before you sew on the ears, and are not for toys for children under 3.)
3. Embroider a small pink nose between the eyes, a little lower, then a short line down and a small curved mouth.
4. Stuff the body firmly and sew its open end to the bottom of the head.
5. Sew the arms to the sides of the body just below the head.
6. Sew the feet flat to the bottom front of the body, side by side, so the bunny sits up.
7. Sew the tail to the middle of the back, low down, and weave in all the ends.

Tips

- The ears are left unstuffed on purpose. That is what makes them floppy.
- Use a hook one size smaller than the yarn label suggests so the stuffing does not show through.
- Sew the feet on before the arms and check that the bunny sits by itself.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
