Stitch guide (US terms)

ch = chain

sl st = slip stitch

hdc = half double crochet

st = stitch(es)

Pattern

Cowl

Worked in joined rounds of hdc. The beginning ch 2 does not count as a stitch.

Foundation ch 118. Join with a sl st in the first ch to make a ring, making sure the chain is not twisted. For a Mobius look, give the chain one twist before joining

Rnd 1 ch 2, hdc in each ch around (118). Join with a sl st to the top of the beginning ch 2 **(118)**

Rnds 2-14 ch 2, hdc in each st around (118). Join with a sl st to the top of the beginning ch 2. **(118)**
Repeat this round 12 more times (14 rounds in all). Fasten off and weave in the ends

Finishing

1. Weave in the ends.
2. Lay the cowl flat, spritz with water and pat it into shape.
3. Wear it loosely doubled for a chunky neckwarmer, or loop it three times for a snug one.

Tips

- A very long chain twists easily. Lay it flat on a table and check that all the bumps are on the same side before you join.
- For a longer cowl, add chains in multiples of 2 (each 2 chains add about 1 in / 2.5 cm). For a wider cowl, work extra rounds (3 more rounds add about 2 in / 5 cm).
- Count stitches at the end of the first round. The next rounds will follow the same count.
