Straps (Color B, make 2)

Worked in flat rows. Turning chains do not count as stitches.

Row 1	ch 85, sc in 2nd ch from hook and in each ch across	(84)
Rows 2-4	ch 1, turn, sc in each st across	(84)
Finish	Fasten off leaving a long tail for sewing.	

Finishing

1. Weave in all the ends.
2. Thread the cord through the 18 eyelets, going in one hole and out the next, all the way around. Tie a knot in each end.
3. Choose one side of the bag as the back. Sew the top end of each strap to the outside of the back, about 1 in (2.5 cm) below the eyelet round, with the two ends about 3 in (7.5 cm) apart.
4. Sew the bottom end of each strap to the outside of the back where the base meets the sides, with the two ends about 2 in (5 cm) apart. Make sure the straps are not twisted, and sew each end with a square of small stitches.

Tips

- For an adult fit, make the straps longer: add 7 ch for every 2 in (5 cm). Try the straps on before you sew them.
- Do not give this bag to a young child with the cord in place: cords can be a strangulation hazard. For little ones, leave out the cord and close the top with a button and a loop instead.
- A strong stitch marker is a big help. Move it up every round so you never lose your place.
