Pillow Cover

HOOK
5.0 mm (H-8)

LEVEL
Beginner

TIME
6-7 hrs

YARN
Worsted weight (#4) acrylic or cotton blend

Fits a 16 in (40 cm) square pillow form. Cover is about 15 x 15 in (38 cm) with an envelope back, approx.

Materials

- Yarn, about 290 yd (263 m)
- 5.0 mm (H-8) crochet hook
- 16 in (40 cm) square pillow form
- Yarn needle
- Scissors
- Tape measure

Stitch guide (US terms)

ch = chain

hdc = half double crochet

st = stitch(es)

Pattern

Cover panel

Worked flat in one piece. The ch 2 at the start of each row does not count as a stitch.

Row 1 ch 50, hdc in 2nd ch from hook and in each ch across (49)

Rows 2-88 ch 2, turn, hdc in each st across (49)

Finishing

1. Weave in the ends. The panel should measure about 15 x 35 in (38 x 89 cm).
2. Lay the panel flat with the right side facing up. Fold each short end toward the middle by 10 in (25 cm), right sides together, so the two ends overlap in the middle by about 5 in (13 cm).

3. Pin the sides. With the yarn needle and yarn, sew the two side seams with whipstitch, picking up both loops of the edge stitches.
4. Turn the cover right side out, poke out the corners and insert the pillow form through the overlap.

Tips

- Measure your gauge first: 13 hdc should be about 4 in (10 cm) wide. If the panel is wider than 15 in, use a smaller hook.
- For an 18 in (45 cm) pillow: chain 56 (55 hdc) and work 98 rows, then fold the ends in by 11 in (28 cm).
- Sew with the same yarn. The stitches disappear into the fabric and keep the seam flexible.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
