| Row 1 | ch 26, sc in 2nd ch from hook and in each ch across | (25) |
| Row 2 | Ch 1, turn. Sl st in first st. *Skip next st, 5 dc in next st, skip next st, sl st in next st* x 6 (6 shells). Fasten off leaving a 24 in (60 cm) tail | |

Calyx and sepals (green)

Work in a spiral without joining. Mark the first stitch of each round with a stitch marker.

Rnd 1	6 sc in MR	(6)
Rnd 2	inc in each st around	(12)
Rnd 3	*Ch 6, sc in 2nd ch from hook, hdc in next ch, dc in next ch, hdc in next ch, sc in next ch, sl st in each of the next 4 st of the disc* x 3 (3 sepals)	
Finish	Join with a sl st to the first st, fasten off leaving a long tail for sewing.	

Finishing

1. Lay the strip flat with the shells at the top. Start rolling from the end that has the tail, keeping the bottom (sc) edge level. Roll it up loosely for the first turn, then more snugly.
2. When the rose is about 1.5 in (4 cm) across, pinch the bottom and sew through all the layers a few times with the tail so it holds together.
3. Sew the rose to the center of the green calyx.
4. Weave in all the ends. Sew or glue a pin back, magnet or ribbon on the back if you like.

Tips

- Roll the strip on a table so the base stays flat. A tight roll makes a bud, a loose roll makes an open rose.
- For a fuller rose, chain 38 for Row 1 (37 sc) and work 9 shells in Row 2: 1 sl st + 9 x 4 st uses all 37 st.
- Use a hook one size smaller if the shells look loose and gappy.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
