

## Flowers &amp; Plants

# Succulent in Pot

**HOOK**  
3.5 mm (E-4)

**LEVEL**  
Intermediate

**TIME**  
1-2 hrs

**YARN**  
Worsted weight (#4) cotton or acrylic

About 3 in (7.5 cm) tall and 3 in (7.5 cm) wide including the petals; the pot is about 2.5 in (6 cm) wide

## Materials

- Terracotta yarn, about 15 yd (13 m)
- Dark brown yarn, about 5 yd (4 m)
- Sage green yarn, about 10 yd (9 m)
- Light green yarn, about 5 yd (4 m)
- 3.5 mm (E-4) crochet hook
- Polyester fiberfill
- Yarn needle
- Stitch marker
- Scissors

## Stitch guide (US terms)

**ch** = chain

**sc** = single crochet

**inc** = increase (2 sc in the same stitch)

**MR** = magic ring

**st** = stitch(es)

**x** = times (repeat what is in the parentheses)

**BLO** = back loop only

## Pattern

## Pot (terracotta)

Work in a spiral without joining. Mark the first stitch of each round with a stitch marker.

| <b>Rnd 3</b>  | (sc, inc) x 6                                                                             | <b>(18)</b> |
| <b>Rnd 4</b>  | (sc in next 2 st, inc) x 6                                                                | <b>(24)</b> |
| <b>Rnd 5</b>  | (sc in next 3 st, inc) x 6                                                                | <b>(30)</b> |
| <b>Rnd 6</b>  | (sc in next 4 st, inc) x 6                                                                | <b>(36)</b> |
| <b>Finish</b> | Sl st in the next st and fasten off leaving a long tail (about 30 in / 75 cm) for sewing. |             |

## Outer petals (make 6, sage green)

Worked in a spiral around a chain. Each petal lies flat.

|               |                                                                                                                                            |             |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| <b>Rnd 1</b>  | ch 5. Work 3 sc in 2nd ch from hook, sc in next 2 ch, 3 sc in the last ch, then working along the other side of the chain: sc in next 2 ch | <b>(10)</b> |
| <b>Rnd 2</b>  | inc in each of the next 3 st, sc in next 2 st, inc in each of the next 3 st, sc in next 2 st                                               | <b>(16)</b> |
| <b>Finish</b> | Sl st in the next st and fasten off leaving a long tail for sewing.                                                                        |             |

## Inner petals (make 4, light green)

Worked in a spiral around a chain. Each petal lies flat.

|               |                                                                                                                                            |             |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| <b>Rnd 1</b>  | ch 4. Work 3 sc in 2nd ch from hook, sc in next 1 ch, 3 sc in the last ch, then working along the other side of the chain: sc in next 1 ch | <b>(8)</b>  |
| <b>Rnd 2</b>  | inc in each of the next 3 st, sc in next 1 st, inc in each of the next 3 st, sc in next 1 st                                               | <b>(14)</b> |
| <b>Finish</b> | Sl st in the next st and fasten off leaving a long tail for sewing.                                                                        |             |

## Finishing

1. Sew the soil disc inside the rim of the pot with the long tail, stitching each of the 36 st of the disc to the 36 st of the last round of the pot. Add a little more stuffing before you close the last few stitches.
2. Arrange the 6 outer petals on the soil like the spokes of a wheel, with the narrow ends touching in the middle. Sew each one down at the narrow end. The outer ends may hang a little over the rim.
3. Sew the 4 inner petals on top of the outer ones, between them, again meeting in the middle. Sew the narrow end and add one stitch at the wide end so they stand slightly up.
4. Weave in all the ends.

## Tips

- Match the petal layers by color first, then sew, so you can see the rosette before you commit.
- Cotton yarn keeps the petals crisp. Acrylic works too but the petals will be softer.
- For a bigger succulent, add 2 more outer petals. The rosette stays balanced in even numbers.

Sizes are approximate and depend on your yarn and tension. The photo is an illustration of the finished piece. For your personal use.
