- Scissors

Stitch guide (US terms)

ch = chain

st = stitch(es)

hdc = half double crochet

Pattern

Band strip

Worked flat in rows with hdc, the stitches run along the length so the band stretches around your head. The beginning ch 2 does not count as a stitch.

Row 1	ch 64, hdc in the 3rd ch from hook and in each ch across (62 hdc)	(62)
Rows 2-14	ch 2, turn, hdc in each st across (62). Repeat this row 13 times. Fasten off after Row 14, leaving a tail about 30 in (76 cm) long for sewing	(62)

Finishing

1. Fold the strip in half along its length so the foundation-chain edge meets the last row (the two 62 st edges). Whipstitch them together, going stitch to stitch, to make a flat tube (62 st).
2. Turn the tube so the seam lies flat in the middle of the back.

3. Bring the two ends of the tube together. Give one end a half turn (180 degrees) so the band crosses over itself.
4. Sew the two ends together with a whipstitch, with the seam hidden inside the twist.
5. Weave in all the ends.

Tips

- Sew the long seam loosely so the headband still stretches.
- If the headband slides up, make the strip 6 stitches shorter (about 17 in / 43 cm before stretching).
- Use a soft yarn: this band sits on your forehead and ears.
